My summer holiday

I enjoyed my summer.

I was in a fit-kid camp, and I enjoyed it.

We went on a holiday to Croatia, with my family. The sea was beautiful. In the evening we went into the town for dinner. We went to a boat trip as well.

It was very exciting. The voyage led to a deserted island. The trip took two hours. I hope next year we will go to Croatia again.

Dear Lucia!

My summer holiday:

We went to Saltvadkert, and stayed in a camping. We had a big tent. The beach was very big and very good. We went to Korona. This is a very popular confectionery. The ice cream is very tasty. I ate "cloud" ice cream. It's an ice cream for kids. And it's full of chewing gum. See you soon: Dominik.

My summer holiday

I went to Lake Balaton for three days with my dad and my brother. I liked it a lot. I stayed at home and I played computer games and I watched TV. I went to my grandmother and I relaxed. I read the book Stars of Eger. I did my summer homework and I went to my father. I read my English Student's book and I went to the park and I played football with my friends. I played card games with my brother.

I had a great summer holiday.

My summer holiday

We renovated the bathroom, and because of this we had to go away somewhere.

These days we went to the town Debreven on holiday.

We went to a fishpond.

There was a pool, some animals and of course an island.

We could go to the island for fishing.

I got sunburn there.

I was as red as a cooked scab.

When we got home after the summer holiday, the bathroom was ready, by that time.

It is very good.

Then we decided to renovate the living room.

It became fabulous.

So, this summer was quite exhausting, but it was so good.

Hi,

I went to Berekfűdö with my family.
Berekfűdö is a very small and nice village.
The weather was hot and sunny.
We had a swimmingpool.
I swam a lot of.
We went to Edda koncert, too.
We bought ice cream. My favourite ice cream is
stracciatella.
I went fishing with my friends.
I was very happy this summer. Ü
