## Last Summer

Last Summer I was on athletics contest, and I got the 11<sup>th</sup>nd place.

I was in the city with Luca, and we ate a pizza, and watched some clothes. We were on the beach too and met some friends there. Then, we went to the cinema to watch a film. We went out with our friends to play basketball, and after all we went to Solt-Tizza.

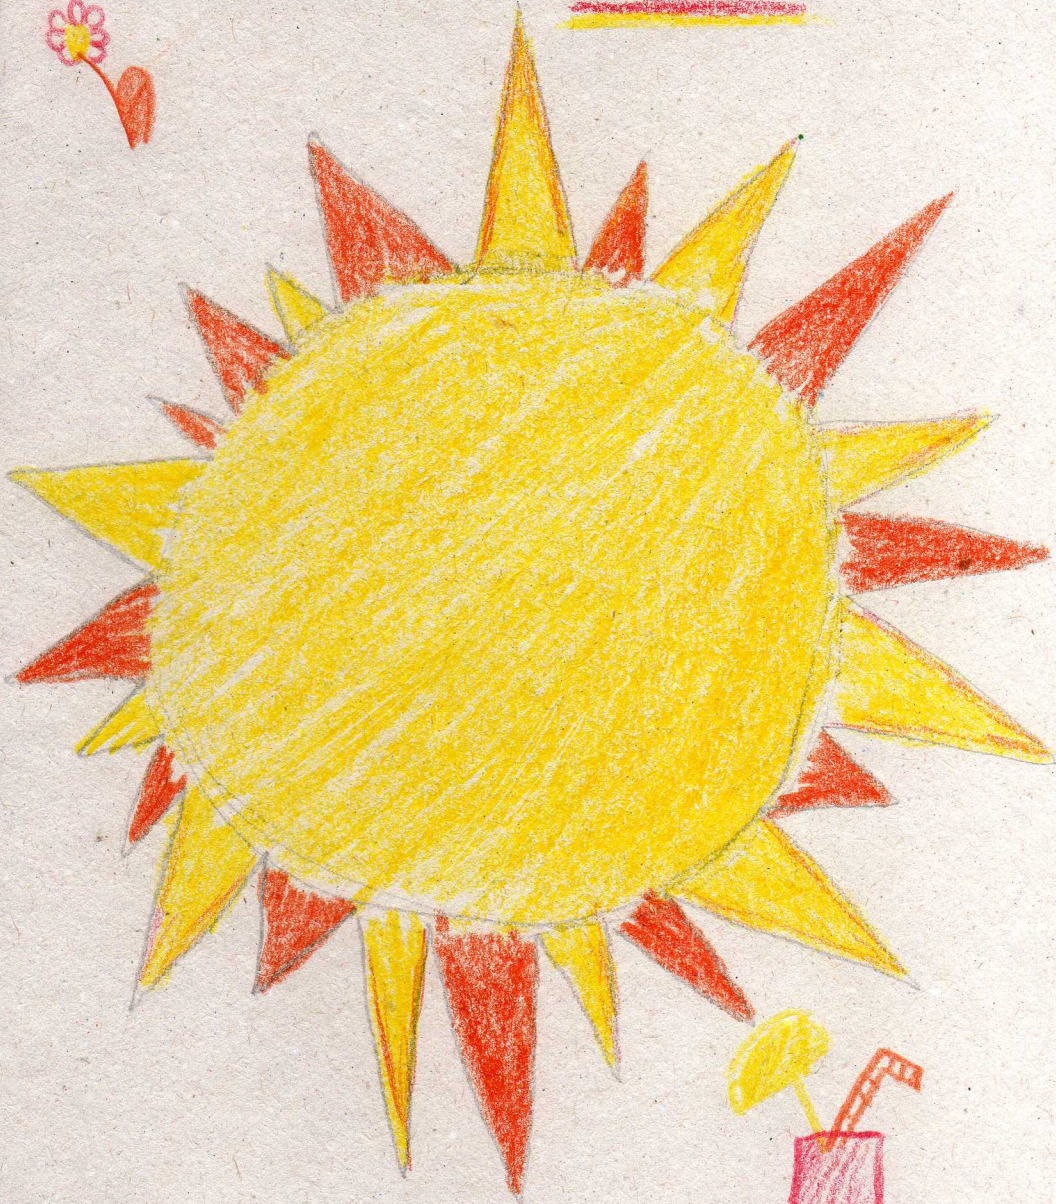

My summer was very good.

Summer  
- break

# My Summerbreak

My Summerbreak was good.

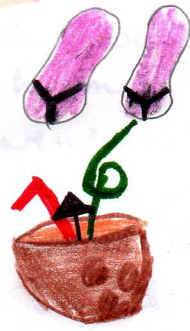

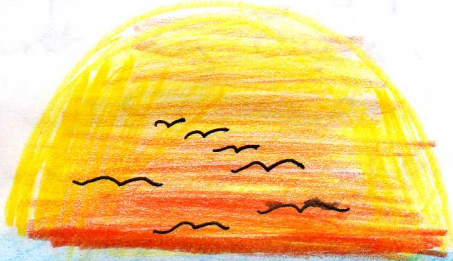

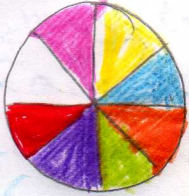

In June I was at ~~an~~ <sup>in</sup> aquatic camp near the River Dana. That was amazing. We laughed a lot. The weather was good, but there was a lot of mosquitoes. We hated them. Anyway, I loved the camp.

My July was boring a little because I went to teachers and I studied. But there was some happiness. We bought our ~~pet~~ <sup>young</sup> dog. She is so cute.

Then, in August I went to a Birthday Party and that was amazing. We laughed a lot. We had a good time. In the end of August I met some of my friends.

## Last summer

Last summer wasn't too hot, because lots of days were rainy. I was in Tanzania, and it was fantastic! I was in Austria, my mum works there. I played with my pets, and computer games, and sometimes, I went to the city center with my friends, and we spent some hours in plazas. My friends were surprised me on my birthday. Once on the bank of river Zagyva with pizza, and we drank juices, and once behind ~~our~~ school, with a cake.

I hope, your summer was fantastic.

Love you,

xx, Tami Takács
